MOMMY-ZINE 2021

WE ♥ CHILDHOME PRODUCTS!

MAKE MY LITTLE WORLD COMPLETE!

The past year Childhome looked back on **35 wonderful years** of success. An important milestone that we want to highlight with global brand awareness, a brand new website and a beautiful new collection - which we are very excited to share with you.

It goes without saying that the past year has been challenging, but at Childhome we always kept true to our 4 core values: **comfort, passion, safety and innovation**. These values are expressed in our products, but also in our way of working. We made everything possible to support our clients in a safe way and to guarantee our export to more than 60 countries.

Our new collection expresses softness and tenderness, to spread joy to everyone during these challenging times. From the very beginning, our main focus is to make the life of young parents as easy as possible and to create products that make the difference. With our new items we want you to make your little world even more complete and create the cosiest rooms for your children, toddlers and babies to cuddle-up with them at home.

Passion is, and always will be, the driving force behind Childhome. Together with our great team we believe that **"your nursery should tell the story of who you are and be a collection of what you love"**. In these times, it is essential to spend time with your loved ones and we are happy to help you create these moments.

We hope you enjoy our new Mommy-zine and our **wonderful 2021 collection**.

Yours in the nursery industry,

Stefan & Nathalie Aerts

Special thanks to our lovely grandchildren; Céleste, Hélène, Olivia, Auguste, Philippa and our other cute models.

BREATHABLE AND
WASHABLE AIR MESH COVER

CHEVOBONA

Our Evolux bouncer is an ergonomic **baby bouncer** that automatically bounces when the child moves. The seat catches the eye with its minimalistic and stunning design. The 3D air mesh fabric gives the baby the best support, is **breathable** and easy to wash. Available in white and anthracite. The look & feel of the seat can be changed with our optional soft jersey covers.

EVOLUX CHANGING TABLE

Looking for a design changing table that stands out? Meet our **award-winning Evolux Changing Table!** This table has been awarded with the Baby Innovation Award, and for good reason! It is the first table with 4 different heights from 85-95CM and ensures the baby's safety at all times. A brake system prevents the table from rolling away. The bigger changing unit, higher sides and firm construction, supports babies **up to 15 kg** and the 3-point safety harness make sure the baby is safe at all times.

EVOLUX CHANGING UNIT

Joining our Evolux Changing Table, comes the **Evolux Changing Unit**. This adjustable changing unit can easily be placed over baby beds, cots and playpens. The unit has the same strong shell as our changing table, which ensures the baby's safety. Also included is a **breathable & washable 3D mesh** changing cushion for the best support.

CHUEVOW

CHUEVOANT

EVOLUX CRADLE

Last but not least, our **Evolux Cradle** ensures optimal stability because of its slanted and non-slip legs. **Wheels with brakes** are also included for extra safety. The cradle is equipped with a breathable **3D mesh basket** which gently rocks the baby to sleep and ensures **optimal air circulation**. Available in white and anthracite and can be used for a longer period of time due to its large size (50x90CM).

EVOLU 2

CONFORM TO EN 14988:2017

Meet the **iconic Evolu 2!** This trendy 2-in-1 high chair can be adjusted to 2 table heights: a standard dining table of 75CM and a children's table of 50CM. A set of extra-long legs is optionally available to adjust the height of the chair to a kitchen island of 90CM. Thanks to the easy assembly, changing the chair's height is very easy so **it grows with your child** (from 6 months up to 6 years). The Evolu 2 high chair has a 5-point safety belt and a detachable safety bumper to ensure the child's safety. Optional **feeding trays** are available in different colours and are adaptable in depth. The chair can also be used from birth in combination with the Evolu Newborn seat.

UK

To make the life of young parents as easy as possible, we introduced the **Evolu ONE.80° high chair**. Our award-winning Evolu chair is now equipped with a **unique swivel function!** Parents can place or feed their child in the seat in **3 different positions**: towards the table, 90° clockwise and 90° counterclockwise. The different positions can be changed easily by pulling the latch. No more dangerous situations when moving a child in a high chair!

ABS TRAY + SILICONE PLACEMAT

New in our collection is the **Evolu feeding tray with silicone placemat!** Easily slide the tray over the armrests of the **Evolu 2 or Evolu ONE.80°** high chair to create a small table for the child. The new silicone placemat can be added on top of the tray to make sure plates and cups can't be moved. The cover is made of **high-quality silicone** and ensures sustainable use (BPA & Phthalate free).

MOMMY BAG COLLECTION

The well-known **Mommy Bag collection** received a true makeover, in teddy style! All members of the family come in this special version, which is super soft thanks to the **teddy fabric**. On top of that, the **popular Leopard print** is now also available for our Family Bag and On-The-Go Banana Bag! The newest members of the family are the trendy **toiletry bags** for both mom & dad (#momlife and #daddycool). Also new and super handy is the **Bag In Bag Organizer** for transferring stuff over different nursery bags!

LAMBDA

BABY GROW CHAIR

La la la Lambda 🎵

Our **Lambda baby high chair** lasts for years and **grows with the child**. The seat and footrest can be changed in height easily and without any tools. The child is always safe due to the safety bumper and **5-point safety belt**. By removing the safety features and collapsing the feeding tray backwards, the baby chair (up to 15 kg) can be transformed to a regular chair (up to 85 kg!).

Another member of the family is our **Kitgrow grow chair**. Thanks to the removable harness, the chair can be used by the entire family. It has a **4-in-1 function**, which means the chair functions as a baby high chair, normal chair, bar stool and step ladder all in one. Plus because of its foldable rear legs, the chair can be quickly folded. **Multifunctionality at its best!**

SAFETY

CONFORM TO EN 1930:2011

Parents worry endlessly about how to protect their children from violence, but many overlook one of the biggest threats to their children's safety and **well-being**, in their own home.

The **most effective** way to ensure your baby's safety is to take a baby's-eye view of your home. Get down on your hands and knees and see how things look from down there. What's within reach? What looks tempting? Where would you go if you could crawl, toddle, or walk?

Use our Childhome Safety Gates to **prevent** children from falling down the stairs and to keep them from entering rooms and other areas with possible dangers.

Make sure you use **safety gates** that meet current **safety standards**. Our safety gates prevent that children can unlock the gate. They can be opened and closed **by adults** without difficulty.
